

PRABODHA HARSHANI

Software Engineer | Full-Stack Developer

Colombo | +94 705 845 755 | prabodaharshani94@gmail.com
linkedin.com/in/prabodhahdev/ | github.com/prabodhahdev | Portfolio

SUMMARY

Software Engineer with hands-on experience in MERN stack, JavaScript, React.js, Node.js, Express.js, MongoDB, SQL, and NoSQL databases. Skilled in OOP, data structures, algorithms, RESTful APIs, authentication (JWT/OAuth), Agile & Scrum methodologies, SDLC, and unit/manual testing. Experienced in frontend and backend development, project planning, and data management, with a strong focus on emerging technologies, AI integration, and high-quality software delivery.

WORK EXPERIENCE

Software Engineer Intern (*Remote*)

Sep 2025 – Mar 2026

Sphiria Digital Studio

Kandy

- Developed responsive user interfaces using Next.js and React, creating scalable frontend solutions for client web applications.
- Designed backend services using Node.js and Express.js, and integrated RESTful APIs to support application functionality and data communication.
- Contributed to client projects, including Monaro Lands and MySky, by developing features, improving existing functionality, and resolving 50+ software defects.
- Collaborated with a 5+ member development team using Git, Jira, and Agile/Scrum practices to manage tasks, perform testing, and deliver reliable software solutions.

EDUCATION

Bachelor of Science in Software Engineering

Expected Nov 2026

Sabaragamuwa University of Sri Lanka

Cumulative GPA: 3.4/4.0

G.C.E. Advanced Level – Physical Science Stream

Apr 2017 - Dec 2020

Sri Sumangala National College

TECHNICAL SKILLS

- **Programming Languages:** JavaScript, PHP
- **Frameworks:** React.js, Next.js, Express.js, Node.js, Tailwind CSS
- **Databases:** MongoDB, MySQL
- **Web Technologies:** HTML, CSS, REST APIs
- **Tools:** Git, GitHub, Postman, Jira

PROJECTS

Monaro Lands - Real Estate Web Application

[Live Demo](#)

Team Project at Sphiria Digital Studio

- Worked as a Frontend Developer, developing responsive user interfaces and page layouts using Next.js, TypeScript, and Tailwind CSS.
- Improved user experience by implementing reusable UI components and optimizing responsive designs across different screen sizes.

MySky Travels - Travel Platform

[Live Demo](#)

Team Project at Sphiria Digital Studio

- Worked as a Full Stack Developer, contributing to frontend and backend development using Next.js, Node.js, TypeScript, and Tailwind CSS.
- Implemented email integration using Brevo, enabling automated email communication and improving user interaction within the platform.

Doctor Appointment System (Individual)

[Demo](#) | [GitHub Repository](#)

- Implemented a full-stack MERN app for 500+ patient bookings with role-based access control (Admin, Doctor, Patient) and JWT/Bcrypt authentication.
- Integrated Cloudinary for 400+ image uploads and used Tailwind CSS for a responsive UI.

Community Engagement System (Group)

[Demo](#) | [GitHub Repository](#)

- Developed a MERN platform connecting 700+ users with real-time chat, AI chatbot, and Google Maps integration.
- Led a 4-member team, managing backend development and project milestones.
